NORWAY FOR YOU PROJECT CONTRIBUTION: USD 870,986.50

"Norway for You" provides support to local self-governments in enabling social and economic growth through the improvement of public infrastructure. The activity is focused on the construction and reconstruction of public buildings, sports and culture, education, health and social care facilities, as well as improving of the communal infrastructure, thus contributing to better quality of life.

No.	LOCAL SELF-GOVERNMENT	PROJECT TITLE	CONTRIBUTION	PROJECT DESCRIPTION
1.	BELA PALANKA	Adaptation and energy rehabilitation of the building of the Center for Social Work in Bela Palanka	Applicant USD 17,610 — Norway for You USD 112,500	Works on adaptation and energy rehabilitation of the building of the Centre for Social Work in Bela Palanka, including works on the heating, roof, facade and replacement of the joinery will improve living conditions of 2,230 beneficiaries and working condition for 23 employees. The adaptation and energy rehabilitation of the building will improve energy efficiency, enable savings in energy consumption and also reduction of maintenance costs. This will create conditions for savings which will be used for further funding in the field of social protection.
2.	BABUŠNICA	Enhancing energy efficiency kindergarten "Dečja radost"	Applicant USD 24,000 — Norway for You USD 112,470	The reconstruction of the kindergarten building in Babušnica including works on the facade and replacement of the joinery, will improve the conditions for care of 127 children aged from three to six years and working conditions for 19 employees. The project includes energy management at the municipal level which will improve the use of savings resulting from the improvement of energy efficiency.
3.	GOLUBAC	Reconstruction of multipurpose cultural facility in Golubac	Applicant USD 64,501 — Norway for You USD 112,500	The reconstruction of multi-purpose cultural facility in Golubac - local library, gallery, museum and multifunctional hall - will improve local cultural infrastructure and good governance in Golubac municipality and enhance the quality of life of the local population. These works, including reconstruction of the roof and facade, and replacement of the joinery, will improve condition for the members of the library in Golubac, over 460 registered members who daily use librarian services, of which there are 235 children, and the working conditions for the employees.
4.	KNJAŽEVAC	The reconstruction of the city stadium complex in the Municipality of Knjaževac	Applicant USD 131,233 — Norway for You USD 112,500	The reconstruction of the city stadium complex, by building an athletic pathway and auxiliary terrains, will improve of sports infrastructure, make conditions for creating a more attractive environment in the Municipality of Knjaževac and raised awareness of the citizens about the benefits of practicing sports and healthy lifestyles. This project will improve the condition for 2,200 members of the sports clubs of Knjaževac, 9,440 children and the youth and 3,000 residents of Knjaževac Municipality who are engaged in recreational sports. Additionally, sports teams which prepare for competitions in Knjaževac (annual average 300 people) will benefit from this project.
5.	BELA CRKVA	Better education is better Bela Crkva	Norway for You USD 99,016	The reconstruction of the façade and procurement of the equipment will improve conditions for education of 250 students and working condition for 49 employees in the Primary School "Dositej Obradović" in Bela Crkva. Improvement of material conditions for implementation of school programs - education of children. This project will also improve the technical conditions of the school through new information and communication technologies.

No.	LOCAL SELF-GOVERNMENT	PROJECT TITLE	CONTRIBUTION	PROJECT DESCRIPTION
6.	SURDULICA	The construction of a part of sewage system in the village Zagužanje	Applicant USD 44,175 Norway for You USD 100,000	The construction of 1,159 metre-long sewage network in the Zagužanje settlement will create appropriate conditions for environment protection, enhance living conditions for rural residents (Zagužanje – 979 and Belo Polje - 512) and improvement of the good governance procedures in Municipality of Surdulica. The implementation of this infrastructure project will enable the waste water to be taken to a sewage treatment plant in the village of Alakince.
7.	KUČEVO	Cultural heart of Homolje	Applicant USD 26,337 Norway for You USD 112,000	The reconstruction of the Culture Center "Veljko Dugošević" in Kučevo, including works on the boiler room and replacement of the joinery, will enhance cultural infrastructure in Municipality Kučevo. This project will improve condition for users of the Cultural Centre facilities, Library, three folklore ensembles, singing and art clubs. Also, the intervention will make more pleasant and comfortable stay in the building for 15,000 citizens and visitors of the Centre and working conditions for 230 employees.
8.	VLADIČIN HAN	Improvement of infrastructure in the rural areas of Vladičin Han Municipality	Applicant USD 22,683 Norway for You USD 110,000	The construction of a sewerage network in the length of 732 meters, with connection of 30 households in the village of Stubal in Vladičin Han to the main sewage network system, will contribute to social and economic development and improvement of the quality of life of the inhabitants of Stubal. This way, conditions will be created for the further realization of similar projects, primarily the sewerage network to the village of Priboj, which will be the extension of the Stubal sewerage network.
